Falcon Provides Update on Transaction with Tamboran

27 March 2026 - Falcon Oil & Gas Ltd. (TSXV: FO, AIM: FOG) announces an update regarding the transaction (the "Transaction") between Falcon and Tamboran Resources Corporation ("Tamboran"), which was approved by the Company's shareholders on 11 March 2026. The terms and conditions of the Transaction are set forth in the arrangement agreement dated 30 September 2025 (the "Arrangement Agreement") and a statutory plan of arrangement (the "Plan of Arrangement").

Further to the Company's news release dated 25 March 2026, Falcon appeared before the Supreme Court of British Columbia (the "Court") on 26 March 2026 seeking the Court's final order to approve the Transaction (the "Final Order"). Lamesa Holding S.A., a beneficial shareholder of the Company, opposed the granting of the Final Order and appeared at the hearing. The Court approved the Final Order, subject to certain amendments to the Plan of Arrangement relating to the treatment of Falcon shareholders that are subject to sanctions.

Falcon and Tamboran are considering the amendments to the Plan of Arrangement required by the Final Order and the impact of the amendments on the implementation of the Transaction. Closing of the Transaction remains subject to the satisfaction or waiver of the conditions contained in the Arrangement Agreement. Tamboran and Falcon plan to extend the outside date under the Arrangement Agreement to provide additional time for the satisfaction of such conditions. The Company will provide further updates related to the Transaction as they become available.

For further information regarding the Transaction, please refer to the notice of meeting, the management information circular and related documents which are available on SEDAR+ at [www.sedarplus.ca](http://www.sedarplus.ca) and Falcon's website at [www.falconoilandgas.com](http://www.falconoilandgas.com).

Ends.

These forward-looking statements involve significant risks and uncertainties that could cause actual results to differ materially from those anticipated, including, but not limited to, the risk that a condition to closing of the Transaction may not be satisfied; that either party may terminate the Arrangement Agreement or that the closing of the Transaction might be delayed or not occur at all; the outcome of any legal proceedings that may be instituted against Tamboran or Falcon; reputational risks and potential adverse reactions from or changes to the relationships with the companies' employees or other business partners of Tamboran or Falcon, including those resulting from the announcement or completion of the Transaction; the diversion of management time on transaction-related issues; the dilution caused by Tamboran's issuance of common stock in connection with the Transaction; the ultimate timing, outcome and results of integrating the operations of Tamboran and Falcon; the effects of the business combination of Tamboran and Falcon, including the combined company's future financial condition, results of operations, strategy and plans; changes in capital markets and the ability of the combined company to finance operations in the manner expected; regulatory approvals of the Transaction; the effects of commodity prices; the risks of oil and gas activities; and the fact that operating costs and business disruption may be greater than expected following the public announcement or consummation of the Transaction.

These factors are not necessarily all of the factors that could cause Tamboran's or Falcon's actual results, performance, or achievements to differ materially from those expressed in or implied by any of the forward-looking statements. Other unknown or unpredictable factors also could harm Tamboran's or Falcon's results.
