28% Increase in Production Year-Over-Year Driven by Performance at San Bartolome

Toronto, April 8, 2026 - [Andean Precious Metals Corp.](#) (TSX: APM) (OTCQX: ANPMF) ("Andean" or the "Company") is pleased to report its operational results for the first quarter of 2026. The Company will release its first quarter financial results after market close on Tuesday, May 12, 2026, followed by an earnings conference call and webcast hosted by management on Wednesday, May 13, 2026, at 9:00 a.m. Eastern Time.

Alberto Morales, Executive Chairman and CEO, stated, "We are pleased with our start to 2026, with production up 28% year-over-year on a GEO basis, highlighted by a strong performance at San Bartolome, where higher throughput and a 25% increase in grades compared to the prior year drove a meaningful increase in production. While the first quarter is typically the slowest period of the year due to seasonal factors, performance this year exceeded our expectations and reflects the strength of our ore sourcing strategy. At Golden Queen, production tracked as expected, with improvements compared to the prior year period, reflecting solid underlying performance as we continue to advance our mine plan.

Overall, the quarter represents a strong start to the year and positions us well for the remainder of 2026. As a reminder, we ended 2025 with a strong balance sheet, including approximately \$167 million in cash and cash equivalents, providing significant financial flexibility as we continue to execute on our growth strategy. With our strong production for the first quarter of 2026, combined with robust gold and silver prices, we expect to have another strong quarterly financial result, and we look forward to reporting our full first quarter financial and operating results on May 12, 2026."

## Caution Regarding Forward-Looking Statements:

Certain statements and information in this release constitute "forward-looking statements" within the meaning of applicable U.S. securities laws and "forward-looking information" within the meaning of applicable Canadian securities laws, which we refer to collectively as "forward-looking statements". Forward-looking statements are statements and information regarding possible events, conditions or results of operations that are based upon assumptions about future economic conditions and courses of action. All statements and information other than statements of historical fact may be forward-looking statements. In some cases, forward-looking statements can be identified by the use of words such as "seek", "expect", "anticipate", "budget", "plan", "estimate", "continue", "forecast", "intend", "believe", "predict", "potential", "target", "may", "could", "would", "might", "will" and similar words or phrases (including negative variations) suggesting future outcomes or statements regarding an outlook.

Forward-looking statements in this release include, but are not limited to, statements and information regarding the Company's anticipated production and operational performance, the timing of the release of the Company's financial and operating results for the quarter ended March 31, 2026, and expectations regarding future financial or operational results based on current metal prices and operating conditions. Such forward-looking statements are based on a number of material factors and assumptions, including, but not limited to: the continued operation of the Company's assets in accordance with current plans; the availability and continuity of ore supply; the performance of plant and equipment consistent with expectations; no material disruptions to operations; and the continuation of current commodity price and market conditions. Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements, or industry results, to differ materially from those anticipated in such forward-looking statements. Such risks and uncertainties include, but are not limited to: risks related to variability in production levels and ore supply; operational risks, including equipment failure, labour disruptions and other unforeseen difficulties; fluctuations in the prices of gold and silver; changes in operating costs; foreign exchange rate fluctuations; regulatory and permitting risks; and

general economic and market conditions. For additional risk factors, please refer to the section entitled "Risk Factors" in the Company's Management's Discussion and Analysis for the year ended December 31, 2025, and the Company's Annual Information Form for the year ended December 31, 2025, each dated March 25, 2026, which are available on SEDAR+ at [www.sedarplus.ca](http://www.sedarplus.ca).

The Company believes that the expectations reflected in such forward-looking statements are reasonable; however, no assurance can be given that these expectations will prove to be correct, and readers are cautioned not to place undue reliance on forward-looking statements contained herein. Although the Company has attempted to identify important factors that could cause actual results or events to differ materially from those described in the forward-looking statements, this list is not exhaustive and there may be other factors that the Company has not identified. The Company undertakes no obligation to update or revise any forward-looking statements included in this release, except as required by applicable law.
