

Bonterra Energy Announces Approval of Its Second Normal Course Issuer Bid

13:00 Uhr | [GlobeNewswire](#)

CALGARY, April 13, 2026 - [Bonterra Energy Corp.](#) (TSX: BNE) ("Bonterra" or the "Company") is pleased to announce that the Toronto Stock Exchange ("TSX") has accepted the Company's notice of intention to renew its normal course issuer bid ("NCIB") for its outstanding common shares (the "Common Shares") in accordance with the rules and policies of the TSX. This NCIB represents Bonterra's second such program and reflects the continuation of the Company's disciplined return of capital strategy.

Bonterra is of the view that its intrinsic value is not being reflected in the current share price and as such, the NCIB is designed to underpin the Company's market valuation, enhance per share metrics for shareholders and provide a source of liquidity as may be needed. With a recently diversified and expanded core asset base, this strategic approach complements Bonterra's disciplined management of free funds flow and capital allocation, enabling the Company to balance near-term shareholder return initiatives with continued production growth.

Under the NCIB, the Company may purchase a maximum of 3,110,454 common shares of Bonterra (the "Common Shares"), representing 10% of its public float and approximately 8.5% of its 36,574,980 outstanding Common Shares as of April 2, 2026, over a period of 12 months commencing April 15, 2026, and expiring April 14, 2027, or such earlier time as the bid is completed or terminated at the option of Bonterra. The actual number of Common Shares which may be repurchased pursuant to the NCIB will be determined by management of the Company and any Common Shares that are repurchased by Bonterra under the NCIB will be cancelled. The NCIB will be funded using Bonterra's cash resources or credit facilities and is planned to be managed within the Company's return of capital strategy. During the past 12 months, the Company has purchased an aggregate of 749,900 Common Shares (of a maximum of 3,199,449) at a weighted average price of \$3.56 per Common Share.

Purchases under the NCIB will be made through the facilities of the TSX and/or alternative Canadian trading systems at the prevailing market price at the time of purchase and in accordance with TSX rules. The total number of common shares Bonterra is permitted to purchase is subject to a daily purchase limit of 18,351 common shares, representing 25% of the average daily trading volume of 73,404 common shares on the TSX calculated for the six-month period ended March 31, 2026, subject to the exception that permits one block purchase per calendar week in excess of the daily purchase limit.

Bonterra has entered into an automatic share purchase plan ("ASPP") with a broker, consistent with the structure utilized under its prior NCIB, to facilitate repurchases of its common shares. Under the Company's ASPP, the broker may repurchase shares under the normal course issuer bid during the Company's self-imposed blackout periods. Purchases will be made by the broker based upon the parameters prescribed by the TSX and applicable securities laws and the terms of the plan and the parties' written agreement. Outside of these blackout periods, common shares may be purchased under the NCIB in accordance with management's discretion.

About Bonterra

Bonterra Energy Corp. is a conventional oil and gas corporation forging a grounded path forward for Canadian energy. Operations include a large, concentrated land position in Alberta's Pembina Cardium, one of Canada's largest oil plays. Bonterra's liquids-weighted Cardium production provides a foundation for implementing a return of capital strategy over time, which is focused on generating long-term, sustainable growth and value creation for shareholders. The emerging Charlie Lake and Montney resource plays are expected to provide enhanced optionality and an expanded potential development runway for the future. Our shares are listed on the Toronto Stock Exchange under the symbol "BNE" and on the OTCID under the symbol "BNEFF".
