MONTRÉAL, April 27, 2026 -- [Morocco Strategic Minerals Corp.](#) (TSXV: MCC) ("MCC" or the "Corporation") is pleased to announce that, as a result of strong investor demand, it has increased the maximum gross proceeds of its previously announced non-brokered private placement from \$5,000,000 to \$7,500,000 (the "Offering"). The upsized Offering now consists of the sale of up to 50,000,000 units of the Corporation ("Units") at a price of \$0.15 per Unit. For more information about the Offering, please refer to the Corporation's news release dated April 20, 2026.

Each Unit will consist of (i) one common share in the capital of the Corporation (a "Common Share") and (ii) one half of one Common Share purchase warrant (each whole warrant, a "Warrant"). Each Warrant will entitle its holder to acquire one additional Common Share (a "Warrant Share") at a price of \$0.25 per Warrant Share, for a period of 24 months following the closing of the Offering. The Offering remains subject to certain conditions including, but not limited to, receipt of all necessary approvals including the approval of the TSX Venture Exchange.

The securities issued under the Offering will be subject to a statutory hold period of four months and one day pursuant to applicable Canadian securities legislation.

No agent has been retained in connection with the Offering. The Corporation may, however, pay finder's fees to arm's length parties in connection with certain subscriptions.

The Corporation intends to use the net proceeds from the Offering to fund the acquisition and development of mining assets in Morocco, and for the Corporation's general and corporate working capital purposes.
