VANCOUVER, April 30, 2026 - [Hi-View Resources Inc.](#) ("Hi-View" or the "Company") (CSE: GXLD; OTCQB: GXLDF; FSE: B630) announces the Company's common shares have commenced trading on the OTCQB Venture Market ("OTCQB") under the symbol "GXLDF". The OTCQB listing intended to enhance visibility with U.S. investors and improve trading accessibility.

R. Nick Horsley, Chief Executive Officer of Hi-View Resources, commented: "I am excited to have Hi-View listed in the United States. After participating in several conferences, it became clear that we should share our Toodoggone portfolio with the American investment audience. I would also like to thank the OTC Markets team for their support and for making it a smooth listing process."

The OTCQB is a U.S. marketplace operated by OTC Markets that is designed for early-stage and developing companies that are current in their disclosure and meet applicable eligibility requirements. The Company believes that obtaining an OTCQB quotation could increase the visibility of Hi-View with U.S. investors and provide U.S.-based investors with improved access to the Company's common shares through U.S. brokerage platforms.

The Company has confirmed eligibility with The Depository Trust Company ("DTC") for electronic clearing and settlement of the Company's common shares in the United States.

The Company's common shares will continue to trade on the Canadian Securities Exchange under the symbol "GXLD".

The OTCQB listing is expected to expand Hi-View's exposure to U.S. investors, increase trading accessibility and liquidity, and support the Company's efforts to build a broader international shareholder base as exploration seasons commences.
