13:30 Uhr | [GlobeNewswire](#)

MONTREAL, May 04, 2026 - [Dynacor Group Inc.](#) (TSX: DNG) ("Dynacor" or the "Corporation") is pleased to announce that the Toronto Stock Exchange (TSX) has approved the Corporation's request to renew a normal course issuer bid (NCIB) program, through which Dynacor may purchase, for cancellation, up to 3,845,230 common shares or approximately 10% of the public float (38,452,301 common shares on a total of 41,948,772 common shares issued and outstanding as of April 30, 2026).

Dynacor is in a financially strong position to continue to return a portion of its cash to its shareholders through the NCIB. Additionally, it reviews other value-added opportunities which could further contribute to enhancing shareholder value.

The Corporation may purchase shares under the NCIB over a period of twelve months commencing on May 6, 2026 and ending May 5, 2027, when the bid expires. NCIB purchases are through the facilities of the TSX and Alternative Trading Systems (such as Nasdaq CXC and CX2, TSX Alpha Exchange and Omega ATS), and the price for any repurchased shares will be the prevailing market price at the time of the acquisition. The purchase of securities may also be made outside the facilities of the TSX by private agreements pursuant to exemption orders to be obtained from the appropriate securities regulator.

All common shares purchased by the Corporation will be cancelled. The number of shares repurchased on any given day may not exceed 23,528 common shares, which is equal to 25% of the average daily trading volume on the TSX for the six-month period ending April 30, 2026 except where purchases are made in accordance with the "block purchase exception" of the TSX rules. The average daily volume for this period was calculated in accordance with the rules of the TSX and is equal to 94,116 common shares.

The NCIB represents a proper utilization of Dynacor's available funds as part of the Corporation's capital management strategy and is being established to enhance shareholder value.

The extent to which Dynacor repurchases its shares and the timing of such repurchases will depend upon market conditions and other corporate considerations, as determined by Dynacor's management team. The Corporation will use funds from its existing cash balances to purchase the shares.

Under the previously approved NCIB, which commenced on May 6, 2025, and terminates on May 5, 2026, Dynacor could repurchase up to 3,850,649 common shares. As of the date herof, 508,500 common shares were repurchased under the previous program through the facilities of the TSX and certain Alternative Trading Systems, with a weighted average price of \$ 4.5871 per common share.
