

Bahia Metals Corp. to Participate in Brazil's SIMEXMIN 2026 Mining Symposium and Host Mangueiros Project Site Visit

05.05.2026 | [GlobeNewswire](#)

VANCOUVER, May 05, 2026 - [Bahia Metals Corp.](#) (CSE: BMT) ("Bahia Metals" or the "Company"), a mineral exploration and development company advancing the Mangueiros sulphide nickel-copper-cobalt+PGM project in Bahia State, Brazil, is pleased to announce its participation in the SIMEXMIN 2026 Mining Symposium held from May 17th - 20th in Ouro Preto, Brazil.

The Company will be discussing how it is rapidly advancing its flagship asset, Mangueiros Main toward a NI 43-101 Maiden Resource Estimate (MRE) and NI 43-101 Preliminary Economic Assessment (PEA). It is notable that Mangueiros Main has been de-risked through 86 diamond drill holes totaling 12,785 meters.

Bahia Metals is also evaluating drilling, and extensive magnetic and gravimetric data across its broader portfolio (Mangueiros West, Lagoa da Onça, and Lagoa da Onça Norte). The objective is to advance the potential district scale of the Mangueiros project of sulphide nickel-copper-cobalt+PGM. Please refer to the company's technical report for further information.

Bahia Metal's leadership will conduct a site visit of the Mangueiros Project. Mr. Stephen Goodman, CEO, and Mr. Tom Pressello, CFO, will join Mr. Elton Pereira, VP of Exploration and Country Manager, on-site to review current work programs and upcoming technical milestones.

"Demonstrating the production potential of our flagship asset, Mangueiros Main is an achievable near-term milestone intended to drive value for shareholders. The site visit and symposium provide ideal opportunities to meet with our stakeholders including strategic investors and present the company." said Mr. Stephen Goodman, CEO.

SIMEXMIN 2026 Mining Symposium Details
