

Rare Earths Americass, Inc. Announces Pricing of Upsized Initial Public Offering

05.05.2026 | [Business Wire](#)

[Rare Earths Americas, Inc.](#) (“REA” or the “Company”), a critical minerals company advancing a portfolio of prospective heavy rare earths focused projects in the United States and in Brazil, announced today the pricing of its upsized initial public offering of 3,333,331 shares of its common stock at a public offering price of \$19.00 per share. All shares of common stock are being offered by REA. The gross proceeds to REA from the offering, before deducting underwriting discounts and commissions and other offering expenses payable by REA, are expected to be \$63.3 million. REA has granted the underwriters a 30-day option to purchase up to an additional 499,999 shares of its common stock at the public offering price, less underwriting discounts and commissions. The offering is expected to close on or about May 7, 2026, subject to the satisfaction of customary closing conditions. The shares are expected to begin trading on May 6, 2026 on the NYSE American LLC under the ticker symbol “REA.”

REA intends to use the net proceeds from the offering (i) to fund land acquisition and option payments, drilling, metallurgical test work, permitting and SK-1300 technical report summary preparation at the Shiloh Project; (ii) to fund exploration, evaluation, land consolidation, metallurgy, engineering and permitting studies at the Alpha and Constellation Projects; and to the extent available (iii) to evaluate non-material exploration projects, including Homer and Liberty Peak, as well as for working capital and other general corporate purposes.

About Rare Earths Americas, Inc.

Rare Earths Americas, Inc. (REA) is an exploration stage company advancing a portfolio of critical minerals projects focused on high-grade heavy rare earth mineral assets in the United States and Brazil. REA’s portfolio includes three material projects, which we believe positions REA as a future potential cornerstone of non-Chinese rare earth supply, aligning with Western industrial and national security priorities. Rare earths elements are essential for advanced U.S. industries including robotics, electric vehicles, energy, defense, and consumer electronics.

Forward-Looking Statements & Technical Notes

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995.
