Cardston, May 6, 2026 - [Affinity Metals Corp.](#) (CSE: AFF) (the "Company" or "Affinity Metals") announces that it is repricing its previously announced non-brokered private placement (refer to April 10, 2026 news release), and it now proposes to undertake an up to \$105,000 offering (the "Offering") of up to 3,500,000 units (the "Units") to be sold at a price of \$0.03 per Unit. The Company has filed for and received price protection for this financing from the Canadian Securities Exchange ("CSE"). Each Unit will consist of one common share of the Company and one common share purchase warrant. Each warrant will entitle the holder to purchase one common share of the Company at a price of \$0.05 at any time on or before that date which is 24 months after the closing date of the Offering. The proceeds received from the sale of the Units will be used to pay audit fees, legal fees and for general working capital.

The Units are being offered to qualified purchasers in reliance upon exemptions from prospectus and registration requirements of applicable securities legislation. The Company may pay finders' fees to eligible finders in connection with the Offering. All securities issued and sold under the Offering will be subject to a hold period expiring four months and one day from their date of issuance.

It is anticipated that insiders of the Company will participate in the Offering. The participation of any insiders may be considered a related party transaction within the meaning of Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101"). Such insider participation will be exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 pursuant to sections 5.5(b) and 5.7(1)(a) of MI 61-101, as the Company is not listed on any of the exchanges or markets outlined in subsection 5.5(b) of MI 61-101, and the fair market value of the securities to be distributed to the insiders will not exceed 25% of the Company's market capitalization.
