

Ellis Martin Report: RUA Gold Inc: CEO Robert Eckford Discusses the Auld Creek Gold-Antimony Project in New Zealand's Historic Reefton Goldfield

14:29 Uhr | [ABN Newswire](#)

Malibu, CA, United States - [Rua Gold Inc.](#) (TSE:RUA) (NZE:RGI) (OTCMKTS:NZAUFG) (FRA:X9R) CEO Robert Eckford joins Ellis Martin to discuss the company's advancing Auld Creek Gold-Antimony Project in New Zealand's historic Reefton Goldfield. The discussion covers the company's recently released positive PEA, aggressive drilling activity, institutional backing, New Zealand's fast-track mine permitting framework, and the growing strategic importance of antimony as a critical mineral outside of China. RUA Gold is targeting a potential pathway toward production by 2028 while positioning itself as both a high-grade gold opportunity and a strategic supplier to Western markets.

RUA GOLD is a gold and critical minerals exploration and development company focused on New Zealand. The company is advancing the Auld Creek Gold-Antimony Project within the historic Reefton Goldfield on New Zealand's South Island while also expanding exploration activities across the highly prospective Glamorgan Project on the North Island.

RUA GOLD combines traditional prospecting knowledge with modern exploration technologies and is supported by an experienced management and technical team with a history of building and financing successful mining operations globally. The company is focused on advancing high-grade gold opportunities while positioning antimony production as a strategic supply opportunity for Western markets.
