About Blue Star Gold Corp.

Blue Star Gold Corp. is a mineral exploration and development company focused on Nunavut, Canada. The Company controls over 420 square kilometres of highly prospective and underexplored mineral properties in the High Lake Greenstone Belt. The Grays Bay Road and Port Project was recently referred to the Major Projects Office by Prime Minister Carney. The Major Projects Office was created to fast-track infrastructure projects that are deemed to be of national importance.
