About Sidoti Events, LLC and Sidoti & Company, LLC

In 2023, Sidoti & Company, LLC formed an affiliate company, Sidoti Events, LLC, to focus exclusively on its rapidly growing conference business and more directly serve the needs of presenters and attendees. The relationship allows Events to draw on more than 25 years of experience that Sidoti has as a premier provider of independent securities research focused specifically on small and micro-cap companies and the institutions that invest in their securities.

Sidoti's coverage universe comprises approximately 150 equities, with a significant portion participating in the firm's Company Sponsored Research and Sidoti Lighthouse Equity Research programs. Sidoti Events is a leading provider of corporate access through the many investor conferences it hosts each year. Through its relationship with Sidoti, Events benefits from a nationwide sales force with connections to more than 2,500 institutional relationships across North America, enabling meaningful engagement between small and micro-cap issuers and investors.

About Avalon Advanced Materials Inc.

Avalon Advanced Materials Inc. is a Canadian critical minerals company focused on advancing lithium and rare earth elements-two of the fastest-growing segments of the global energy transition. The Company is developing strategic assets to participate in high-growth markets and support the build-out of secure North American supply chains. Avalon is advancing the Nechalacho Rare Earth Elements and Zirconium Project in the Northwest Territories, which contains all light and heavy rare earth elements, as well as yttrium, zirconium, tantalum, and niobium-critical minerals used in advanced technologies across the communications, defense, advanced technologies, and energy sectors. The Company is also focused on vertically integrating the Ontario lithium supply chain through the development of Lake Superior Lithium Inc., Ontario's first midstream lithium hydroxide processing facility, located in Thunder Bay. This facility is expected to serve as a cornerstone of North America's integrated battery materials supply chain, transforming northern Ontario lithium into essential inputs for transportation, grid storage, and advanced manufacturing.
