

Nevada Organic Phosphate Publishes Updated Corporate Fact Sheet and PowerPoint Presentation

11:55 Uhr | [CNW](#)

[Nevada Organic Phosphate Inc.](#) ("NOP" or the "Company") (CSE: NOP) (OTCQB: NOPFF), a B.C. based leader in organic sedimentary phosphate exploration, is pleased to announce that it has published an updated corporate fact sheet, now available on the Company's website here, and PowerPoint presentation available here.

The updated fact sheet and PowerPoint provide shareholders and investors with important information regarding the Company's recently identified drilling locations, including updated targets and their anticipated significance to the Company's ongoing exploration program. The fact sheet and PowerPoint are intended to give stakeholders a clearer understanding of how these new drilling locations may impact the scope, timing, and direction of the Company's exploration activities at its Murdock Mountain Project.

Key highlights included in the fact sheet and PowerPoint:

- Updated overview of the Company's exploration strategy and progress
- Summary of newly identified drilling locations
- Updated property graphics
- Updated capitalization table

Shareholders and prospective investors are encouraged to review the full fact sheet here and PowerPoint presentation here for complete details.

Nevada Organic Phosphate remains committed to advancing exploration at Murdock Mountain and providing timely updates to shareholders as results become available.

Nevada Organic Phosphate Inc. (CSE: NOP) (OTCQB: NOPFF)

NOP is a junior exploration company with an organic sedimentary raw rock phosphate bed, 6.6 kilometres long, in northeast Nevada. Additional applications extend the potential strike of rock phosphate to over 30 kilometres. This is believed to be the only known large-scale organic sedimentary phosphate project in North America. It is situated close to the main highway to Montello/Elko, Nevada, and near the rail head to California or the East Coast.
