Vancouver, June 22, 2026 - [Taurus Gold Corp.](#) (CSE: TAUR) ("Taurus" or the "Company") announces that it has adopted a semi-annual financial reporting ("SAR") framework, effective immediately. This change is being made pursuant to the Coordinated Blanket Order 51-933 Exemptions to Permit Semi-Annual Reporting for Certain Venture Issuers ("CBO 51-933").

CBO 51-933 allows eligible venture issuers to voluntarily move from a quarterly to a semi-annual financial reporting framework.

Transition Details - Taurus's fiscal year ends on July 31. Under the SAR framework, the Company will be exempt from filing interim financial reports and related Management Discussion & Analysis ("MD&A") for its first and third quarters for so long as it continues to meet eligibility criteria under CBO 51-933.

By adopting the SAR, Taurus aims to reduce the administrative and financial burden associated with quarterly reporting, allowing management to focus resources on advancement of different projects.

- Initial Interim Period: The Company will not file an interim report for the third quarter (Q3) ending April 30, 2026 and for the first quarter (Q1) ending October 31, 2026.
- Ongoing Reporting: Taurus will continue to file audited annual consolidated financial statements (due within 120 days of July 31, 2026), and six-month interim financial reports (due within 60 days of January 31, 2027).
- Continued Disclosure: The Company remains committed to timely disclosure and will continue to report all material changes and significant developments as required under National Instrument 51-102.
- Eligibility: Taurus confirms it meets the pilot program's eligibility criteria, which includes being a venture issuer with annual revenues of less than \$10 million and maintaining a clean 12-month continuous disclosure record.
- Continued Participation: Should the Company cease to continue participating in the SAR Pilot Program, it will announce it in a future news release.
