13.12.2010 | [Marketwired](#)

- Offer will be open for acceptance until January 18, 2011
- Confirmation that offer not subject to a 'net benefit to Canada' review under the Investment Canada Act

VANCOUVER, BRITISH COLUMBIA and KASSEL, GERMANY -- (Marketwire) -- 12/13/10 -- [K+S Aktiengesellschaft](#) and [Potash One Inc.](#) ('Potash One') are pleased to announce that K+S Canada Holdings Inc. ('K+S Canada'), a wholly owned subsidiary of K+S Aktiengesellschaft, has mailed to shareholders of Potash One its take-over bid circular dated December 13, 2010 and related documents in connection with its previously announced offer for all of the issued and outstanding common shares of Potash One for CAD \$4.50 per common share (the 'Offer'). The total value of the offer is approximately CAD \$434 million (EUR 329 million).

In addition, by way of a letter dated November 29, 2010, K+S Canada received notice from the Director of Investments, the senior Canadian federal government official responsible for investment review under the Investment Canada Act, confirming its conclusion that the Offer will not be subject to a 'net benefit to Canada' review under the Act.

Included in the mailing to Potash One shareholders is Potash One's directors' circular, also dated December 13, 2010. The board of directors of Potash One has unanimously determined that the Offer is fair to Potash One shareholders and in the best interest of Potash One and the Potash One shareholders and unanimously recommends that Potash One shareholders accept the Offer and deposit their Potash One common shares to the Offer.

GMP Securities L.P. has delivered a fairness opinion to the board of directors of Potash One in connection with the Offer.

The offer price represents a 31.3% premium to 10-day volume weighted average price up to and including November 19, 2010; and an 82.2% premium to Potash One's share price of CAD \$2.47 on August 16, 2010 (the last trading day prior to Potash Corporation of Saskatchewan Inc.'s rejection of BHP Billiton Limited's unsolicited proposal).

K+S Canada has entered into lock-up agreements with all of the directors and certain senior officers of Potash One and the trustee of Potash One's Stock Compensation Trust Plan, pursuant to which 8,181,105 common shares of Potash One and 11,802,500 Potash One options (which will be converted into Potash One common shares prior to the expiry of the Offer), together representing approximately 20.7% of the issued and outstanding common shares of Potash One (on a fully-diluted basis, as defined in the take-over bid circular) have been locked-up and committed to being tendered to the offer.

On November 24, 2010, Potash One issued to K+S Canada a CAD \$30 million principal amount secured convertible debenture, as a key component of the overall transaction. The proceeds of the debenture were required to fund immediate water infrastructure construction commitments related to Potash One's Legacy Project. To date, approximately CAD \$25 million of the proceeds from the debenture have been used to pay such commitments. This funding allowed Potash One to avoid deferring the development of its Legacy Project.

The details of the offer are contained in the take-over bid circular. The take-over bid circular and related documents have been filed on SEDAR, and the directors' circular has been filed on SEDAR. The offer will be open for acceptance until 6:00 p.m. (Pacific standard time) on January 18, 2011, unless extended or withdrawn by K+S Canada. The Offer is conditional upon, among other things, that there are at least 66 2/3% of the outstanding common shares of Potash One on a fully-diluted basis (as defined in the take-over bid circular) tendered (and not withdrawn) to the Offer by Potash One shareholders.
