

Niblack Mineral Development Adds Mining Expertise, Grants Options

16.09.2010 | [Marketwired](#)

EDMONTON, ALBERTA -- ([Marketwire](#) - Sept. 16, 2010) - [Niblack Mineral Development Inc.](#) (TSX VENTURE: NIB) ("Niblack") is pleased to announce the appointment of Mr. David R. Gunning, P.Eng, to its Board of Directors.

"We would like to welcome Dave to the Board," said John Williamson, President and CEO. "The addition of his engineering perspective and extensive experience in exploration, development and mining is very timely as we advance the Niblack Project in southeast Alaska."

Mr. Gunning is a professional mining engineer (1989) and graduate of the University of British Columbia (1983). He has managed underground, open pit, and placer gold mines in British Columbia, Northwest Territories, Mongolia and Mexico. He has also been active in project exploration and development in numerous worldwide jurisdictions including Bolivia and Nevada.

Since 1997 Mr. Gunning has worked as a consultant in project management in addition to authoring numerous technical reports including NI 43-101 compliant reports. Several of these projects required the review or estimation of reserves and resources, including the Panasquiera Tungsten Mine in Portugal, the Copper Mountain Project near Princeton, BC and the La Preciosa Project near Durango, Mexico. Mr. Gunning is currently the Chief Operating Officer of Starcore International Mines Ltd., which operates an 800 tpd underground gold mine in central Mexico, as well as being a director of several other companies.

In conjunction with the appointment of Mr. Gunning, the Board of Directors ("Board") granted stock options pursuant to the Corporation's stock option plan to directors and officers of the Corporation to acquire an aggregate of 1,800,000 Common Shares, exercisable at a price of \$0.28 per Common Share until September 15, 2015.

The board appointment and grant of stock options are subject to approval of the TSX Venture Exchange.
