

# Yukon-Nevada Gold Corp. Seeks Advice for US Listing

16.02.2011 | [CNW](#)

VANCOUVER, Feb. 16 /CNW/ - [Yukon-Nevada Gold Corp.'s](#) (TSX: YNG) (Frankfurt Xetra Exchange: NG6) (the "Company" or "YNG") Board of Directors has resolved to pursue a listing of the Company's shares on a United States stock exchange. The Company is seeking advice and examining options and requirements for listing on various US exchanges.

The primary benefits of listing on a US exchange are increased liquidity in the trading of the stock, increased access to a larger range of US investors and the elimination of additional trading fees for US investors trading on a Canadian exchange.

Robert Baldock, President & CEO stated, "In response to the growth of the Company and investment and interest from US based investors, we feel that this is the next step to provide visibility to a broader base of investors. A US listing will complement both our TSX listing and our German listing."

The Company will remain listed on the TSX under the symbol YNG. The listing on the Frankfurt Xetra Exchange under the symbol NG6 would continue also.

Yukon-Nevada Gold Corp. is a North American gold producer in the business of discovering, developing and operating gold deposits. The Company holds a diverse portfolio of gold, silver, zinc and copper properties in the Yukon Territory and British Columbia in Canada and in Nevada in the United States. The Company's focus has been on the acquisition and development of late stage development and operating properties with gold as the primary target. Continued growth will occur by increasing or initiating production from the Company's existing properties.
